

# PRESS RELEASE

2<sup>ND</sup> NOVEMBER 2015

## Welcome to the new LEMAN website

We are proud to present our brand new website [www.leman.com](http://www.leman.com).

With an improved navigation experience, a much more user-friendly and intuitive look; the new LEMAN website has been redesigned to keep focus on the products and on the needs of our customers. At the same time we are branding our new corporate identity, so that all LEMAN branches worldwide are now on the same platform.

### A NEW AND IMPROVED APPROACH

The website layout has been streamlined and is now divided into three primary LEMAN business areas: Transport, Logistics and Services. This ensures that visitors will quickly be guided in the right direction.

We have also expanded our LEMAN Career Portal in order to highlight our most important resource: our employees. At the same time we want to attract the best candidates and give possible new employees a good impression of the LEMAN Group.

### FOLLOW, LIKE AND SHARE

All LEMAN news and announcements will now be posted on our new website, plus the LEMAN sites on social networks, such as LinkedIn and Facebook. Keep visiting the website and connect with us on your social network to receive the latest news and updates.

### ABOUT LEMAN

LEMAN is a well-known Danish company founded in 1900. The LEMAN Group is today represented in 6 countries with headquarters in Denmark and subsidiaries in Sweden, Norway, Finland, the UK and the USA with a total of 25 branches. LEMAN has approx. 650 members of staff and an annual turn-over of approx. DKK 1.8 billion.
